Video Intro: <https://youtu.be/BN3gcm7MsFQ>

Currently, I'm perusing bachelor's in computer science. I'm an aspiring Android developer, web developer and a JavaScript enthusiast. I love learning and exploring new technologies and writing functions and efficient code. I've worked on multiple real world projects as a developer. My core skill is Java spring boot and web related technologies.

SKILLS

My skill set includes java, spring boot, Spring MVC, Object Oriented Programming (OOPs), JIRA, Git, GitHub, Git Version Control, JavaScript, React.js, MYSQL, Junit Testing, APIs, CRUD operations, HTML, SCSS, CSS, UI/UX, Liferay, libraries like bootstrap, Flutter framework and Dart.

EXPERIENCE

Mitt Arv Technologies Pvt Ltd.

2022-11 - 2023-02

Software Engineering Intern

Duration: 3 months (PRESENT)

Using flutter framework in the development and solving major & minor bugs of Mitt Arv mobile application, used Jira as a task management tool, used git and git hub (git version control system) for maintaining the code between developers, having decent amount of knowledge about google workspace.

PROJECTS

Web Application

2022-04 - 2022-06

ABC Jobs Community portal

Duration: 2 months.

This project objective was to work similar to LinkedIn it has registration, login page with spiring security and many other interesting functionalities like admin can post jobs, update member, send bulk email whereas user can apply for jobs search other members in the portal and update their profile information, project was made on spring MVC frameworks.

Web Application

2022-07 - 2022-08

ABC Cars portal

Duration: 1 months.

In this project through admin panel website owner is able to manage car details edit them and can manage users' information and can delete user. Whereas user can post car, bid on other cars uploaded by other users in the portal and can edit their own profile information but not car information even uploaded by them only. In all the projects I learned and enjoyed spring MVC frameworks so much and I have completed the projects with all the tech love and enthusiasm
